max-width / max-height not rednering correctly in pdf when height / width set in tag

Related issuesBetaTry it

WritePreview

When in a html image tag the properties height and width are specified and css styles max-width (and max-height) is added, then the image is not rendered correctly in the pdf.

Reproduce with:

```
import java.io.ByteArrayOutputStream;
import java.io.File;
import java.io.IOException;
import java.net.URISyntaxException;
import java.util.HashMap;
import java.util.LinkedList;

import org.apache.commons.io.FileUtils;
import org.junit.Test;

import com.openhtmltopdf.pdfboxout.PdfRendererBuilder;
[...]
@Test
public void shouldAnswerWithTrue() throws URISyntaxException, IOException {

    String htmlContent = "<html>\n"
        + "<head>\n"
        + "  <style>\n"
```
